### Freddie Mac Market Condition Credit Fee in Price update

We are delaying the September 1, 2020, implementation date for the new Market Condition Credit Fee in Price previously announced in Bulletin 2020-32, which will now be assessed for Mortgages with Settlement Dates on or after December 1, 2020. Furthermore, we are adding additional criteria for which the Market Condition Credit Fee in Price will not apply.

#### ***Credit Fees in Price***

##### **Effective for Mortgages with Settlement Dates on or after December 1, 2020**

A 50 basis point Market Condition Credit Fee in Price will be assessed for cash-out and “no cash-out” refinance Mortgages except for the following:

- Mortgages with an original Note amount less than \$125,000
- Home Possible® Mortgages as described in Guide Chapter 4501
- Construction Conversion Mortgages that qualify for single-closing Interim Construction Financing and Permanent Financing as described in Guide Sections 4602.3 and 4602.5

For cash-out refinance Mortgages, this 50 basis point Credit Fee in Price will be assessed in addition to the existing Cash-out Refinance Indicator Score/Loan-to-Value Credit Fee in Price.

For Enhanced Relief Refinance® Mortgages that are subject to a Credit Fee in Price Cap (the “Cap”), the Market Condition Credit Fee in Price must be added to the lower of (i) the total of all other applicable Credit Fees in Price or (ii) the Cap, and is not included in calculating whether the Cap has been reached.

#### ***Guide updates***

We have updated Guide Exhibit 19, *Credit Fees in Price*. Sellers must refer to Exhibit 19 for information on the Market Condition Credit Fee in Price and other Credit Fees in Price. Credit Fees in Price are paid in accordance with the provisions outlined in Chapter 6303.

## Extension of temporary requirements for purchase of Mortgages in forbearance

We are also extending the temporary requirements for the purchase of Mortgages in forbearance announced in Bulletin 2020-12 and subsequently extended in Bulletins 2020-17, 2020-23 and 2020-30. These requirements are now effective for Mortgages with Note Dates on or after February 1, 2020 and on or before **September 30, 2020**, and Settlement Dates on or after May 1, 2020 and on or before **November 30, 2020**.

**Extension of temporary flexibilities regarding Seller’s postfunding quality control requirements – targeted sampling**

In Bulletin 2020-11, we announced temporary flexibilities for Seller’s related to postfunding quality control reviews. The quality control flexibilities announced in Bulletin 2020-11 were effective immediately for all Mortgages currently in the process of a post-closing Seller in-house quality control review and were to remain in place for all Mortgages selected through June 2020 for post-closing Seller in-house quality control reviews. Bulletin 2020-27 extended this flexibility for Mortgages selected through August 2020.

These flexibilities will now remain in place for all Mortgages through **September 30, 2020** for post-closing Seller in-house quality control reviews.

**Remote Online Notarization**

In Bulletin 2020-8, we provided requirements related to the use of Remote Online Notarization (RON). Freddie Mac currently requires Sellers to maintain the recording of the notarial ceremony for life of the loan. In response to Seller feedback, we are updating our requirements to provide that the recording of the notarial ceremony must be maintained for greater of (a) 10 years, or (b) the time period specified in the RON law(s) of the State in which the notary is licensed.

This change is effective immediately and aligns Freddie Mac requirements related to the storage of notarial ceremony video recording with the Mortgage Bankers Association-American Land Title Association Model Bill and also the longest storage period of the existing RON laws.

Section 1401.16 will be updated with a future Bulletin to reflect this change.
