

### FHA Catalyst Module Now Includes Enhanced Features for Claim Submissions

On June 25, 2021, the Federal Housing Administration (FHA) released enhancements to the the [FHA Catalyst: Claims Binder Module](#) as part of FHA's ongoing efforts to expand its technology capabilities. The platform enhancements provide mortgagees with additional options and flexibilities for claim submissions within [FHA Catalyst](#).

The following functionalities are now available on the *FHA Catalyst: Claims Module*, which allows mortgagees to:

- Receive notification that prevents duplicate claim submissions.
- Add documents and/or files to an existing claim submission.
- Complete the actions below using an application programming interface (API), a web based interface:
  - Search for a single claim;
  - Search in bulk for multiple claims;
  - Submit multiple claims;
  - Retrieve status on multiple claims;
  - Download the status details on each claim made in bulk submissions; and
  - Recheck the status on suspended claims.

To support users of the *FHA Catalyst: Claims Module*, mortgagees should review the updated [FHA Catalyst: Claims Module Single Family Forward Claims User Guide](#).

Mortgagees can request access to modules within the *FHA Catalyst* platform from the FHA Resource Center by emailing at: [answers@hud.gov](mailto:answers@hud.gov) or calling: 1-800-CALL-FHA (1-800-225-5342).
